Mrs. Glen Collins who was Miss Nathalie Schenck, one of New York's most beautiful girls before she married "Captain" Guen Collins, has now decided to come back to New York and open a millinery store as a means of supporting herself and her little babe. Captain Glen Collins is really only a Lieutenant. He is a man of fascinating manners and address, but hopelessly broke, and a fortune hunter. It was a great surprise to her friends when Miss Schenck married him. There is a great deal of admiration expressed for her in her determination to do something for the support of herself and child. She is said to have great taste in the matter of millinery and dress, and it is predicted that she will make a success of it.
